Volume XIII, Whole No. 35 APRIL 1970

"Dear War Cover Club member", Once again it is election time. The Constitution and By-Laws, of the War Cover Club, provide for the bi-annual election of the Board of Governors, namely the president, vice-president, secretary-treasurer and six directors to be elected in the even numbered years. The Official Ballot is attached to the Dues Chit for members' convenience. Please mark and return as indicated.

Dues may now be paid for the year 1970-1971. Please indicate the type of mailing service you wish and send remittance to the secretary-treasurer. The War Cover Club is one of the few remaining philatelic clubs, in the United States, where-in dues remain at $3.00 per year, the Bulletin sent via 4th Class mail in the U.S. and Printed Matter Rate to other nations.

Members of armed forces, all nations, on active service should so indicate on the Dues Chit as this entitles the Club member to 1st Class mail service at no extra cost. The postage differential is gratis the War Cover Club. (Honorary members and active officers, of the Club, also receive the Bulletin via 1 Class mail gratis WCC.)

The War Cover Club had a meeting at INTERPEX, in New York City, on March 14th. No report has been received concerning the Club's activities at that meeting. The War Cover Club exhibition, held at the SOJEX in Atlantic City, N. J., will also be reported in a later Bulletin.

Comments from editor: Once again it is time to change editors. Kevin P. Rogan will become editor effective the June Bulletin. The current editor becomes asst. This is Kevin's second term as editor. We all wish him well in his new assignment.

The editor is informed that our president is having chapter/post certificates printed. This is welcome news and soon our two chapters/posts (the Bear Flag Post and the Viet Nam Study Group) will be able to proudly display their certificates.

The editor, as a member of the Club's Board of Directors, recommends that the library be given a small financial backing each year by the Club and, second, that each chapter or post be given a small amount of money ($5.00 or $10.00) support by the Club. The library would be able to purchase books and other materials of use to the entire membership and available on loan to individual members. The chapters or posts would use their donation in correspondence expenses, exhibiton purposes and in printing up the results of their studies. The foregoing recommendations will have to be acted upon by the Board of Directors under the direction of the president.

We are sorry that we did not give more space to Library activities, in past issues, but we have come a long ways in four years and have entered the new era of the War Cover Club - chapters/posts, exhibitions, expanded library activities and so on. We must thank President Tom McGrath for leadership in the above directions. If each member thanked Tom personally, mail would come from most of the United States and 14% would originate from outside the U. S. We are growing!

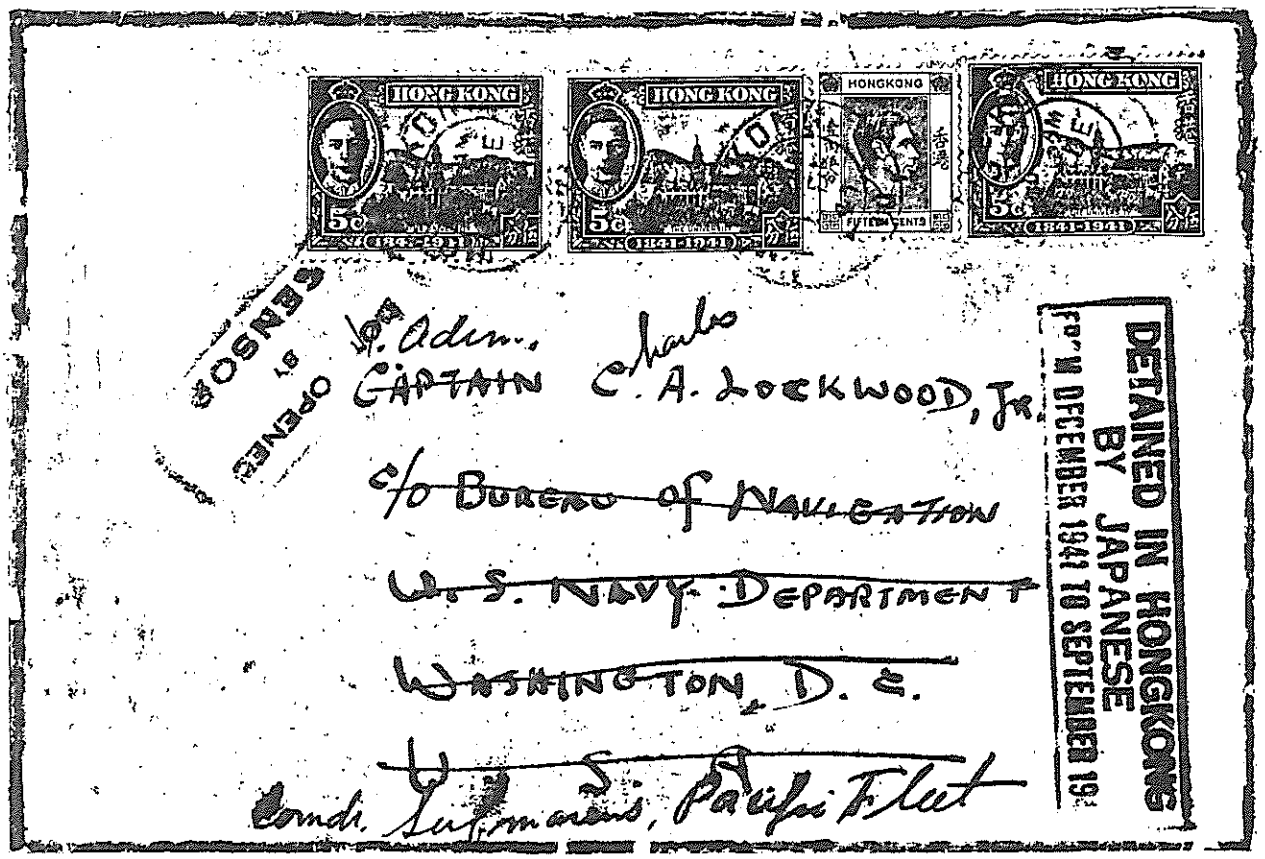
Illustrated above, penalty envelope used by Military Station No. 1, Manila, Philippine Islands during the period of the Philippine Insurrection with the OFFICIAL BUSINESS corner card and the printed and boxed M.O.B. The envelope is part of the postal history of that period although it does not have catalogue listing. A fine strike of Baker Type C-7 cancellation. New markings have recently been found and shall be illustrated in the near future.

INTERESTING COVERS



The return address is of Shanghai, China and there is a Victoria, Hong Kong marking on the backside dated December 1st 1941. This is the same date as the Hong Kong cancel tying adhesive postage totaling 30¢.

The cover is the prize possession of Dottie Mitchell, Bear Flag Post member in Los Gatos, California.

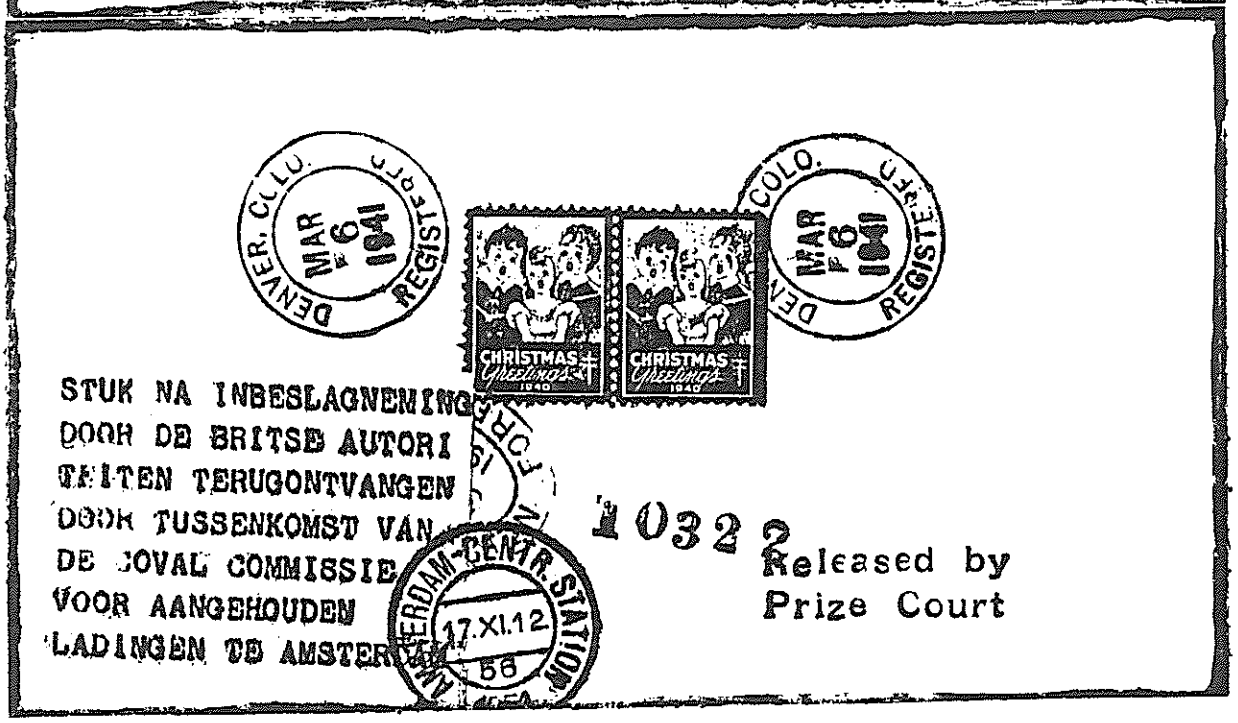
A typical boxed marking "NOT OPENED/BY/CENSOR" also catches one of the adhesive stamps. However it is the address and the large black-ink handstamp which are of great interest.

The rectangular boxed marking "DETAINED IN HONG KONG/BY JAPANESE/ FROM DECEMBER 1941 TO SEPTEMBER 1945" may be described as one of the very desirable markings of the World War II period. (Illustration above)

By the time Charles Lockwood received this piece of mail, he was no longer a captain. He had become vice-admiral and commanded all the United States submarines in the Pacific.

When the Pacific war broke out, there were 51 U.S. submarines in the Pacific. At about the time the boxed marking was applied, there were about 288 submarines with 52 lost of the total. Of Japanese merchant ships, the submarines had sank over 1,000 with a total gross tonnage of over 4,500,000. The Japanese occupation of Hong Kong was at an end, the mail "liberated."

INTERESTING COVERS



"Prize Court" cover in possession of the editor. "Via Trans-Atlantic Air Mail" (Pan Am carrier) with 15¢ additional for the registry, the air mail label as required by postal convention. Cover has many desirable markings in additon to the ordinary: tied label on backside with date of release (over 10 years from date of original posting) and the handstamp "Released by/Prize Court". On the frontside is the fine double-circle handstamp of the Commission with the symbolic fouled anchor design. More information is needed about the scarce "Prize Court" covers of World War II.

B. Forces Mail Other Than Postcards - Military Mail

B.1. Letters from soldiers to civilian addresses (home, etc.) There are numerous varieties of envelopes used by soldiers when writing home, especially during the period between the commencement of large-scale mobilization (17th May) and the outbreak of war (5th June). These include ordinary commercial envelopes taken from home, envelopes headed "ON ACTIVE SERVICE" which could be purchased at the Shekem canteens and even envelopes bearing the imprint of Egyptian or Jordanian companies, hotels, etc. which the soldiers collected as souvenirs and used after hostilities had ceased. The Soldiers' Welfare Committee printed a brown envelope bearing their emblem, the usual heading "ON ACTIVE SERVICE" and space for address and personal particulars of the sender with an acknowledgement "PRESENTED BY THE SOLDIERS' WELFARE COMMITTEE". All these covers bear the triangular cachet and may have been opened by the censor in which case they have been resealed with a white label bearing, in red, the inscription "MILITARY CENSORSHIP/Opened by the censor" and a circular cachet bearing the censor's number. Such covers are still arriving from soldiers serving with the occupation troops. I would suggest, therefore, that they be divided into two distinct periods:

a) 17 May - 16 June---War Covers (the Ministry of Defence, in connection with claims for compensation, defined the war period as ending on 16 June)
b) 17 June on ---Occupation Period Covers

B.2. Letters from Army Units addressed to individuals at civilian addresses. These were sent in brown paper "bags" which bear the usual triangular cachet.

B.3. Inter-Unit Mail. This too was sent in brown paper "bags" which bear the Unit's circular cachet.

Note: Some of the above items listed in "A" and "B" were forwarded via the civilian postal channels in which case they bear the ordinary postal cancellations of the Post Offices concerned in addition to the military cachets. I have items cancelled at Haifa and at Tel Aviv-Jaffa.

C. Reopening of the Post Offices in the West Bank, Gaza and Sinai, and Syria

An event of historic and philatelic interest was the reopening of postal services in the West Bank, Gaza and Sinai, and Syria. These services are operated by the Military Government (in close cooperation with the Ministry of Posts) and thus, although they serve the civilian population of the areas, they can properly be regarded as Military Post. The postmark in use at each Post Office includes not only the name of the town in Hebrew, English and Arabic (and, of course, the date) but also the Hebrew abbreviation "ZAHAL" - Zva Haganah Le'Israel (Israel Defence Forces).

The services in each Area are run by an officer of the Military Government who is, in each case, a Ministry of Posts official. The Post Offices in the West Bank are controlled from Jerusalem, those of Gaza and Sinai from Ashkelon and those of Syria (the Golan Heights) from Rosh Pinna. Each of these centres has its own cachet which is used on its outgoing official mail (which, like other official mail, bears no postage stamps). This cachet is in Hebrew and Arabic and reads "ZAHAL" Command in the West Bank (or Gaza Strip and Sinai, or Golan Heights, as the case may be)/Postal Services. The same cachet is supplied to each of the Post Offices for use on all internal official documents and it is also applied to receipts for registered letters handed over by the public. These cachets are frequently seen applied to ordinary mail posted by civilians but these covers are "made to order" by an obliging postal employee on the spot and are not to be regarded as official.

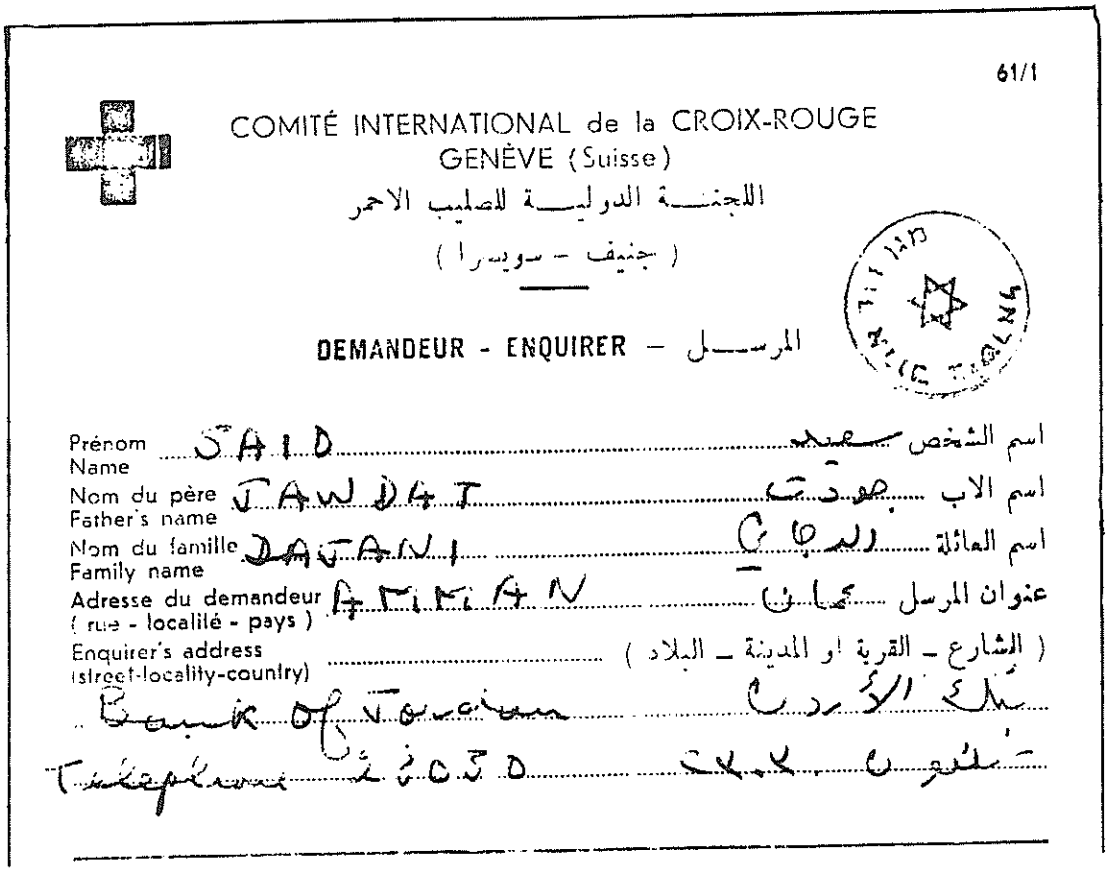
Each Post Office also has a cachet with its name (in Hebrew and Arabic) and its reference number for internal official use. It can be found on official inter-office mail but it is not used on the receipts for registered letters. Here too, obliging officials have been known to apply this cachet to private mail.

* Con't. from February Bulletin (continued on next page)

Type of B. Beautiful card of Military Government's Representative of the Golan Heights District and mailed to Tel Aviv on the day the post office opened at the Syrian town of Majdal Shams 9.8.67.

Type of B. Israel Submarine Force/Official Naval mail with military cancel D.Z. 2210 has the slogan "YOUR PLACE IS WITH US. VOLUNTEER FOR THE SUBMARINE SERVICE" Black and light blue ink printings on the white paper envelope.

Type of C. Area Internal Official Mail/Registered Mail from the West Bank post office Deir El Gusun to Postal Headquarters in Jerusalem (Fiscal Accounts).



Type of D. A letter-sheet with orange-red ink printing on white paper. Censored mail with the Red Star of David inquiring about an Arab Prisoner-of-War.

D. Prisoner of War Mail

This section includes mail to and from Arab prisoners of war who were interned in camps in Israel and subsequently returned home (Syrians and Jordanians) and those still in Israel (Egyptians), also letters sent by Israeli prisoners in Arab camps.

A related item is the special Magen David Adom (the Israeli Red Cross) letter form available from all West Bank Post Offices for use by civilians wishing to communicate with their relatives in Arab countries.

After protracted negotiations and last minute delays, the exchange of Egyptians and Israeli POWs finally took place at the end of January 1968 thanks largely to the efforts made by the UN Secretary-General's Special Representative, Gunnar Jarring. The exchange was carried out at Kantara under the supervision of Representatives of the International Red Cross. Israel returned some 4,000 Egyptian soldiers including 450 officers and no less than 9 generals. The Egyptians returned 10 Israeli soldiers!

The following are a few notes on the way in which Red Cross and POW Mail was handled.

In each of the civilian Post Offices, in the West Bank and Gaza Strip, there is a special Post Box marked "Magen David Adom". Civilians wishing to correspond with relatives or friends in Arab countries do so on a special form obtained from the counter clerk. The form is completed and posted in a special Post Box.

In the Gaza Area and in El Arish, the form distributed is that of the Comité International de la Croix-Rouge, Genève, Suisse and is printed in three languages - English, Arabic and French. That distributed in the West Bank is produced by the Magen David Adom in Israel and also is in three languages.

The Post Office Officials clear the Post Box, stamp each form with their own date-stamp and, after the military censor has approved them, they are handed over to the Magen David Adom who forwards them to the Representative of the International Red Cross.

Forms from Arab countries or forms sent from Israel with a reply added are transferred to Israel by the Red Cross and distributed by the local postal services in the same way as ordinary mail.

Jordan - the Jordanian prisoners were in Israel camps for such a short time that I have not seen any Prisoner-of-War mail sent or received by them.

Syria - the Syrians, too, were here for a comparatively short time but I have been able to obtain a very listed amount of material for examination. The form used to write to these prisoners was that of the Croissant-Rouge Syrien, Damas. They were sent via Geneva to the Red Cross in Cyprus who passed them over to representatives of the Magen David Adom (they added their rubber cachet) and, after passing the military censorship, were duly delivered to the POWs through the Camp Commandant.

Egypt - Mail to the Egyptian POWs was written on the form issued by the Croix-Rouge, Genève, Suisse.

Mail from the POW camps was sent on special postcards with "PRISONER OF WAR MAIL" printed in two languages, English and Arabic or using the reply section of the Magen David Adom or of the Geneva Red Cross forms.

Editor's Notes: A list of Israel occupation post offices was published in an earlier Bulletin. A revised list will be published later because there are many new additions and some post offices have been closed. Additional reading material as follows:

New Zealand Forces - Vietnam

Mark Isaacs

I have three New Zealand Forces covers in my collection as well as having seen a few in other collections. It appears that, from all I have seen, New Zealand Forces mail never received its own (New Zealand) cancellation-type postmark in Vietnam.

My earliest cover is dated September 22, 1966 and bears the inland rate of postage with an Auckland cancellation. On the front is the rectangular box-cachet "NZ ARMY FORCE / VIETNAM." On the back is the circular marking "161 V NZ VIETNAM." This marking also appears on the front of covers I've inspected. One such cover bearing New Zealand stamps was cancelled with the Australian Forces Post Office #1 handcancel but the circular marking appeared on the front side of the cover near the stamps.

The second cover is an unfranked Australian Forces airmail envelope with a rectangular cachet similar to the cachet on the first cover except that this cachet is ¼ inch smaller in width. There is no date cancel to show when the cover was sent.

My third cover is also undated but bears a symbolic figure as the cachet and reads "NEW ZEALAND FORCE / VIETNAM." This may be the latest cachet put into use. (The second and third covers have the manuscript "N.Z.V. FORCE" across the top of each envelope. This may have been a requirement on Forces Mail.)

New cachet.
